

# SkillsUSA National Conference Pin Design Contest

SkillsUSA is sponsoring a national conference pin design competition that is open to all dues-paying student members of the organization. The winning design will become the official pin for the 2008 SkillsUSA National Leadership and Skills Conference. The pin will be produced by the SkillsUSA Supply Service.

Only one winner will be selected. All entries must be submitted to SkillsUSA exactly as directed in the rules below, and all entries become the property of SkillsUSA once submitted.

## Eligibility

This competition is open to all active SkillsUSA student members who are enrolled in a career and technical education program at a high school or college/postsecondary institution with an active chapter.

Membership for the 2007-08 school year for the winner will be verified by the national headquarters (the name must appear on a roster for this school year). Only one entry per SkillsUSA member is permitted.

## Deadline

ALL entries must be received in the SkillsUSA national office by close of business on Feb. 1, 2008.

## Judging

All entries will be judged by the national staff of SkillsUSA and/or the board of directors of SkillsUSA. The winner of the competition will be announced in April 2008. This contest may or may not be held in the future, and there may or may not be additional rules and requirements.

## Materials and Specifications

All entries to this competition must comply with the following materials and specifications:

- All entries must be rendered in color (full color or two color)
- Preferably, entries will be created in a design software package such as Illustrator, Photoshop or Freehand. Entries may also be hand-drawn, painted or rendered in colored pencils or markers.
- All entries should be submitted with two versions of the art on a single page. The larger version is for judging. The smaller version is to show what the actual pin will look like. The larger version must be approximately 7-inches wide x 7-inches tall for judging. The smaller version should be approximately 1-inch x 1-inch tall, to show how the completed pin will look. Both versions should be identical. The art does not have to be square, nor must it be these exact dimensions.
- Dimensions of the pin when produced will be approximately 1-inch tall by the necessary width.
- All entries MUST include the following wording:

SkillsUSA  
NLSC 2008  
Kansas City

- The SkillsUSA emblem or SkillsUSA logo (or elements of either) SHOULD NOT appear on the pin.
- All copyright laws must be followed in the creation of the design.
- Please label the back of your artwork with the following:

Artist's name  
Advisor's name  
Training program  
School name, address and phone number

- The student must keep a copy of the pin design until results are announced. Upon request, the winner will be required to submit his or her artwork in the original software file to the national headquarters on a CD, Zip disk or by e-mail for reproduction purposes. SkillsUSA cannot guarantee return of any materials. If the art was not rendered electronically but is selected as the winner, SkillsUSA will have the artwork rendered according to the original design, but to our specifications.
- SkillsUSA retains the right to make modifications to the final design as necessary in order to produce a pin to our standards and to the manufacturer's specifications and abilities.
- Incomplete entries that do not comply with the above requirements will be disqualified.
